

90.1 FM KZNK

High Plains Public Radio

for Northwest Kansas and the Tri-state region

- Complete coverage of all of Northwest Kansas on a single frequency (90.1 FM)
- Extended coverage to the tri-state region of Eastern Colorado and Southwest Nebraska
- Localized emergency weather, community service announcements and underwriting support recognition
- Reliable service from a 90,000 watt signal provided by a state-of-the art transmitter and antenna at a height of over 1000 feet

Tune to 90.1 KZNK for ...

- The most in-depth news and information available on area radio from National Public Radio, the British Broadcasting Corporation and other trusted sources
- A variety of music genres with rich and deep traditions, including classical, jazz, folk, blues and western swing
- Genuinely entertaining programs, including a Prairie Home Companion and Car Talk
